

TASMANIA'S FILM INDUSTRY WANTS YOU

A number of feature films and documentaries are expected to be made in Tasmania during 2008/09. In order to maximise employment opportunities for Tasmanians on these productions, the state government's screen development agency, Screen Tasmania, is developing a professional crew database. This database will be available to visiting and local productions looking for Tasmanian crew.

Expressions of interest are sought from suitably qualified and experienced crew. To be eligible for inclusion on the professional crew database, applicants must have a minimum of two professional screen credits.

To apply, please submit a completed Professional Crew Database application form along with a current curriculum vitae to:
